This is the Columbia model that is having such a great run in the States and here. This is also the model that the price is to be raised on. We have been notified that in future we will have to pay \$5.00 more for them and when our present stock on this model is sold we will have to follow the price up. As long as they last \$50.00 will be the price, when this lot is sold and new ones come they will have to be \$55.00.

With a large number of models in both COLUMBIAS AND RAMBLERS to pick from the right place to get a wheel, is.

Ready - Rock Asphalt ROOFING.

The strongest, most economical and durable Roofing ever sold in this market. Easily and quickly laid, and adapted to any roof from flat to one-half pitch.

It is a NON-CONDUCTOR OF HEAT, which, together with the fact that it is practically indestructible, particularly recommends it for this climate. Does not require to be painted and any workman can lay it. Endorsed by leading architects and builders. Call and see samples.

Asphaltum Piping

FOR WATER MAINS, SEWERS AND ELECTRICAL CONDUCTORS.

The best pipe in use; will out-last any piping ever placed on the market. Contractors and Plantation Managers should investigate this Piping. They will find just what they have been looking for—a pipe that is strong and will not corrode.

Runners and Harness Horses for the Races.

ARE BEING TRIED OUT

Making Record Miles - Promise of Interesting Contests - The Track - Willing Wheelmen.

It is during these days that the race horses at the Kapiolani Park track are getting their trials, or "work outs." Some fine exhibitions are being given mornings and afternoons. Those who are interested in the racers and the events are keen to hold watches while trials are in progress. In most cases the drivers and owners of animals are anxious to conceal the capabilities of the racers. Several of the runners are still mysteries to the rival owners, tipsters and touts, and even to trainers in rival stables. About all of the runners are said to be showing up well.

Irish Lassie is still a puzzle. Gibson, the trainer and driver, is crafty with his pretty pet. W. Wood seems in fine fettle. He has shown a mile in 2:17 "in a jog." Wela ka Hao (Our Boy) appears to be stepping better than ever, and Cunningham is correspondingly elated. The horsemen declare that Wela ka Hao gives evidence of having more strength, wind and reserve force than any harness horse at the track. He has done some very fast quarters, some stunning halves, and the mile without trouble in about 2:18. Violin, in a work-out since the match with Directress, has covered the mile very easily under the record time of 2:16. Loupe, the big black harness horse, with a record of many high class performances in the States, is rounding into form. He is being handled with the greatest care, and if fit on the 11th will do some grand traveling.

The track at the park is now in fine condition. This is both surprising and gratifying. When Camp Otis was abandoned, and the New York Regiment left Camp McKinley, the half of the race track was like a country dirt road. Under the direction of Durfee it has been repaired and worked upon till it is pronounced just a trifle better than ever before, though some of the horsemen from abroad say the turns should be still higher.

A number of the wheelmen of the city have expressed a willingness to train and enter and start in the Jockey Club will put a couple of bicycle numbers on the programme. There has been no wheel racing since the days and nights of Cyclometer, and two or three events would add materially to the sport of the day.

The handsome and fast pacing mare Violin, imported and raced here by James Quinn, has passed into the ownership of Prince Cupid, and will in all likelihood carry the colors of that gentleman June 11th and thereafter. The mare is of Button stock and is a true and notable performer, though only lately turned to edge. She has shown a mile in 2:16 in a match, and is believed to be capable of doing the distance in five seconds less. Prince Cupid is a great lover of horses, and has one promising galloper at the track. In Violin unless there is some grave accident, the new owner has a prize. Mr. Quinn parted with Violin with much regret, and entirely for private business reasons. The price paid is said to be but \$1000.

CURIOSITY.

Voltaire, in one of his writings, states, as his opinion: It is curiosity alone that induces people to hasten to the shore to see a vessel overwhelmed in a tempest and remarks that he had experienced the feelings at such an event, as those of only curiosity and pity. He claims that curiosity is returned to man, monkeys and little dogs. Take a little dog with you in a closed carriage, he will be constantly putting up his paws against the door to see what is passing. A monkey searches everywhere and appears to be examining everything. As to men, we all know how they are constituted, in London, Paris, New York, San Francisco or Honolulu. All meet you with the greeting "What's the news?"
